Subject Re: Fw: BBA: Development of revised and alternate mining scenarios -- Workshop September 20-21

Phil,

Tomorrow is my Friday to work, so I'll be around.

I've started looking at comments from the panel (the 4 files that were on Quickr on Monday) - do you want me to work on putting those applicable to Chapter 4 into a file tomorrow?

Cheers,
Barb

DELIBERATIVE PROCESS

The meeting will be held at EPA's office in Arlington, VA (the Potomac Yard North Building). Additional logistics and a working agenda for this meeting will be provided in a few days. However, we ask that you plan on a full working day on Thursday September 20 and working to about 3:00 on Friday, September 21.

Please RSVP to me as soon as possible. My understanding is that Steve H., Phil, Kate, Glenn, Ralph, are all available for the two days. I understand that Steve S. is available on Thursday only and that Barb is available only on Friday. [Barb - I'm making video conference arrangements to link you in on Friday.] Also, let me know should you think we should include others in our discussion.

Thanks all for making a difference.

Jeff
